

Evening Prayer for Season of Creation

May 25 – June 22

This year we will observe the Season of Creation during the first four weeks after Pentecost as our Evening Prayer services on Tuesday and Thursday of each week.

The Season of Creation is an international and ecumenical movement to celebrate and pray with all of creation, to reflect on the mystery and wonder of creation and to center our awareness on ecological issues of justice for the planet.

Drawing on materials from *Daily Prayer for All Seasons* and the Season of Creation website entitled *Let All Creation Praise*, we will celebrate four dimensions of creation with **Earth Week** on May 25 and 27, **Humanity Week** on June 1 and 3, **Mountain Week** on June 8 and 10, and **Sky Week** on June 15 and 17. Evening Prayer services will begin at 6:00 pm on Zoom. Go to the calendar of the parish website for the link to connect.

We will conclude the season with the **Cosmic Walk**, which is a walking meditation that reflects on the story of the universe beginning with the Big Bang. The Cosmic Walk will be outdoors at St. George's and begin at 7:00 pm on June 22, the Tuesday closest to the Summer Solstice.

Participate in any or all of the services. For further information contact Terry Doyle, TerrenceDoyle@msn.com
